

STONE  TABLE

**ARAB WORLD
PROJECT PROPOSALS
2021**

Ben Franklin Academy

Meknes, Morocco

\$60K FOR EDUCATIONAL STRATEGIC ENGAGEMENT

Our team is composed of Moroccan and faith-based teachers who present their witness in every day professional life, touching not only the lives of those they work with but also the children whom they love and the families they serve. We are in contact with local believers in local churches, as well as members of the expatriate group who meets locally. We are blessed to have contacts not only in Meknes but also Fez and Ifrane.

Our school focuses on giving children an excellent education with an accent on English, professional and caring teachers and partnerships for community service.

\$60,000 would be used for renovation:

- painting
- adding an entrance
- adding an awning for shade over play area
- adding two more rooms
- tables, chairs, and whiteboards for classrooms

ARAB WORLD

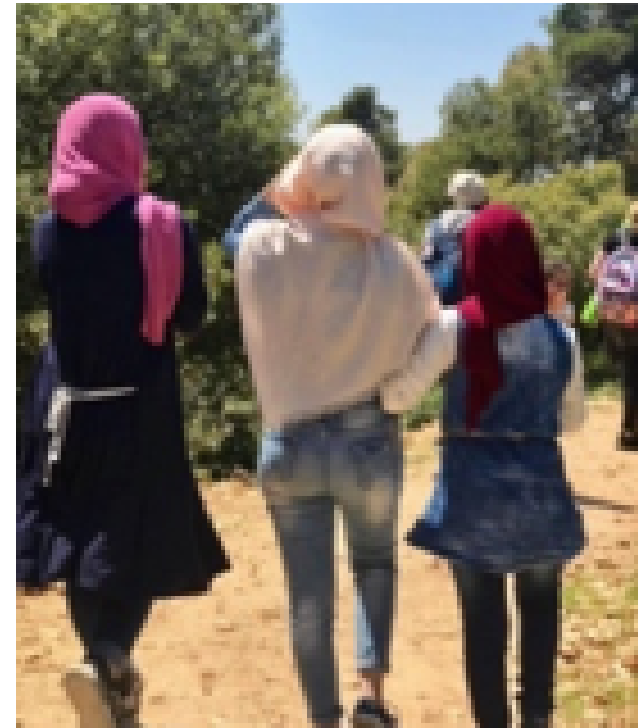

LD Launch Team Amman, Jordan

\$60K for LD CP Projects

\$60,000 would be used for the following purposes:

- Growing partnerships with National Churches open opportunities to develop additional space for ministry
- Raising up Church Planters in language, evangelism, culture, and much more... this year we have had 40 active team members from 5 different organization and 8 different countries.
- As crisis and tensions in the region increase, team leaders in our countries return to their cohort base for a time of member care and refreshment. These 1-2 week check-ins with onsite leaders help recharge and refuel for the next season without needing to leave the field.

All Souls Egypt CP Team

Cairo, Egypt

\$60K for Resource Development

\$60,000 would be used for the following purposes:

1. Resource development:

- Hard copy resources for Indigenous church/discipleship.
- Electronic resources (video teachings, e-curriculum) for Indigenous church/discipleship
- Electronic resources for digital leadership development of Indigenous church-planters.
- A website hub for leaders to access these resources securely
- Translation to Arabic for current resource library

2. A ministry training center location in an unengaged area of Egypt. This training center is already legally approved but we need the finances to purchase or rent. This center will provide a secure space for emerging indigenous ministry leaders to receive training and discipleship. In addition this space will house spiritual fellowships for ministry and outreach in the community.

Note: We have one Egyptian couple that has already been trained and have planted multiple Spiritual Fellowships, most in the Nile Delta area of Egypt. We currently have 10 more emerging Egyptian ministry leaders in the training program.

ARAB WORLD

LD CP Team Tripoli, Lebanon

\$60K FOR COMMUNITY CENTER IN TRIPOLI

A \$60,000 grant would be used in Tripoli, Lebanon, to help launch a community center in the heart of Tripoli. This community center will be used in three primary ways.

- It will help us serve the community through English conversation clubs and professional development services.
- It will also serve as a hub to conduct social media outreach toward an unreached people group called the Alawite.
- Lastly, we plan to use the center as a gathering place for All Nations Tripoli, our English-speaking church plant.

Anapto Missionary Development Program Cairo, Egypt

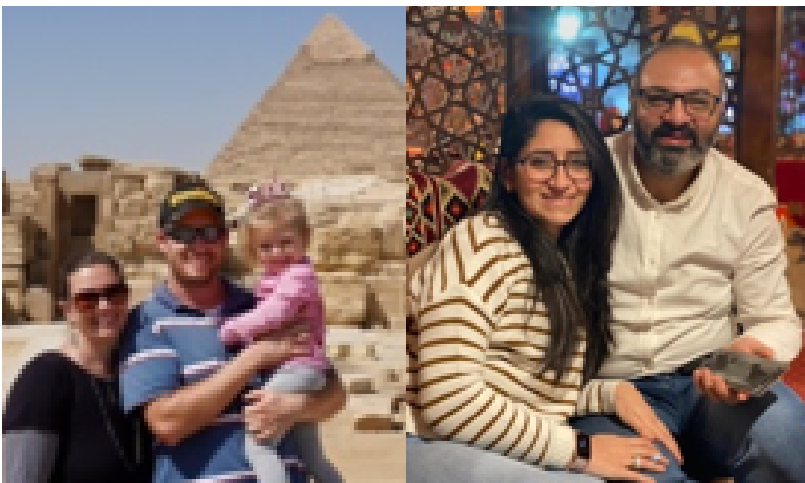

\$60K FOR MISSIONARY DEVELOPMENT

“Anapto” means “to kindle” or “to ignite” in Greek. This is exactly what we are doing. In partnership with the Egyptian Assemblies of God, we are creating the first sending agency for long-term Egyptian global workers. The program will launch in January 2022 with the intention of commissioning global workers to established church planting teams throughout the region as well as starting teams to work with unreached peoples in Egypt upon completion of the program. Anapto is holistic, combining weekend classroom times with daily field assignments in their home area under the guide of a coach.

\$60,000 would be used for the following purposes:

1. Translation of lessons and materials into Arabic for use in the classroom portion of development.
2. Development of our online system and purchase of licenses.
3. Development of materials to help local churches begin praying for unreached people groups.
4. Translation of articles into Arabic for educating local pastors on missions and the mission of God.
5. Development and translation of coaching materials.

ARAB WORLD

LD CP Team Cairo, Egypt

\$60K FOR MEDIA MINISTRY IN CAIRO

\$60,000 would be used for the following purposes:

1. Expanding our BAM, Marketing Cairo, which provides digital marketing and media services to the local Egyptian community as well as to other Live Dead teams.
2. Our Online Media outreach – which has brought all of our CP fruit over the last 3 years and led to meetings of seekers for Bible reading and fellowship, and also assists other Live Dead teams starting scaled media outreaches in their communities.
3. Various equipment and software needs for the development of ministry and business projects.

Morocco

ASSEMBLIES of GOD

\$60K FOR SMALL BUSINESS GRANTS FOR PASTORS

Driving a taxi cab, making bread, or owning a mobile coffee shop are examples of small businesses that could offer local pastors the flexibility to meet the demands of ministry while also providing for the financial needs of their families.

Many MBB pastors have difficulty finding work due to the economic situation in Morocco, demands of ministry, and even social ostracism because of their faith in Christ. We propose a small business program that would begin with a grant to start a small business and then continue with on-going training and follow-up so that the business remains viable. Aiding these pastors to achieve a more sustainable life and ministry would be a catalyst for increased church planting.

ARAB WORLD

LD CP Team Abu Dhabi, UAE

**\$60K FOR STEP
GLOBAL BAM**

Money would be used for the following purposes:

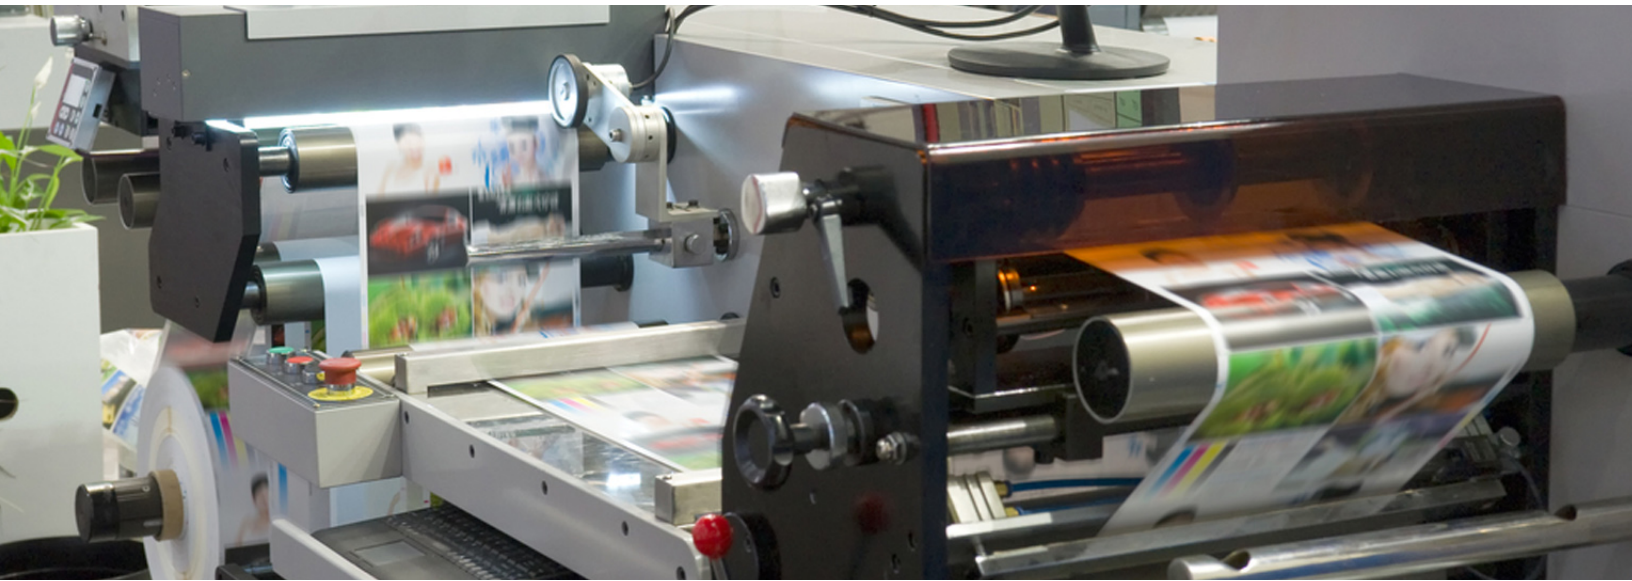

1. Our Step Global BAM- this focuses on bringing U.S tourists to Abu Dhabi. This BAM will serve as our vehicle for planting the church and thrust us into community with locals.
2. Our six week interns and "give a year" missionaries. They will be working as Step Global representatives and learning Arabic. This will prepare them to open a company in the future and equip them for a future in ministry work.
3. Outreach - we are praying to have a church plant in our home and for it to be a safe and secure environment for MBBs.

Morocco

ASSEMBLIES of GOD

\$60K for Printing Company

A FOR-PROFIT PRINT SHOP THAT RUNS TWO SHIFTS

Sourcing enough printed material is a serious challenge in Morocco. We cannot import the necessary evangelistic and discipleship literature needed. Local print shops will not work with us, and using them would create a security risk for our pastors. We propose starting a for-profit, printing business that runs two shifts. The day shift would serve the community as any local print shop does operating for-profit, and the night shift would print the materials needed for evangelism and discipleship. With a professional printing press, we could print Global University materials and textbooks used to train and equip local pastors as well as evangelistic material used for outreach and discipleship. Sourcing these materials is necessary for the growth and maturity of the church in Morocco.

ARAB WORLD

LD Arab World BAM Hub Tunis, Tunisia

**\$60K FOR
NORTH
AFRICAN BAM**

\$60,000 would be used for the following purposes:

1. Help North African pastors / leaders with small business grants for catalyzing sustainable ministry models.
2. Train, equip and empower young Tunisian MBBs in entrepreneurship and provide small start up grants to help get them moving forward.
3. Mobilize, train and equip university students interested in cross-cultural missions through our 6-Week BAM summer internship program in Tunisia.

\$60K for Pastor Development

Distance Learning via Tablets

We want to buy 100 tablets that can be preloaded with Global University materials to use to equip local pastors. The tablets will be loaded with all the content and course materials needed for an undergraduate degree in Bible and theology, which was just recently made available in the Arabic language.

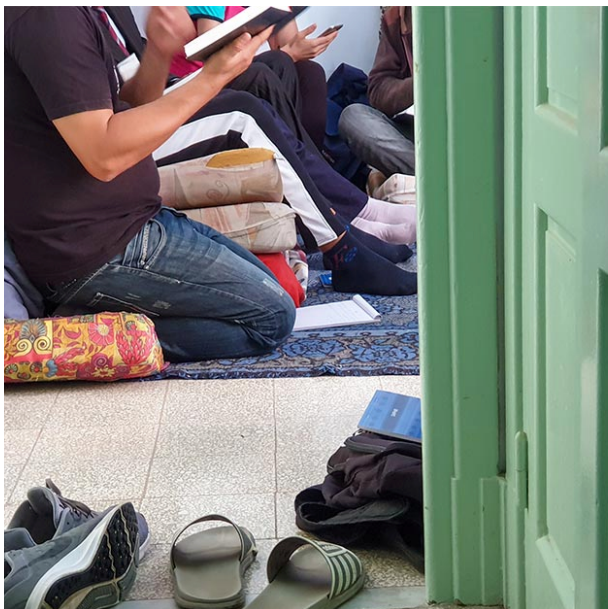

Materials Translation

Many of our local pastors are not quite ready for university level courses but need ministerial training. Berean courses offered by Global University are the needed content delivered at the appropriate academic level. These courses are not yet available in Arabic. We want to get these courses translated into Arabic for use in Morocco and the rest of the Arab speaking world.

In-Person Training

New pastors go through two years of training. They meet regularly with their cohort for two-days of intensive teaching, prayer, worship, and fellowship. Funds are used to cover the cost of rent, food, transportation, and the printing of materials.

LD CP Team Reaching Syrians & Iraqis in Turkey

\$60K for Community Center

Funding our community center for Syrian and Iraqi refugees in Turkey. The center provides a safe, welcoming place for those who are refugees to find healing from trauma through community. We run English and Turkish conversation clubs, Art therapy for women, small group therapy for men, and community building events such as movie and game nights, family meal nights and picnics. We also meet physical needs through clothing give aways, used furniture distribution and distributing grocery store gift cards during house visits. Everyone who comes to the center knows that it is connected to a church which gives us a natural bridge to share Bible stories and the Gospel message and pray with people for their needs. For those who express an interest in learning more about the Bible, we meet with them to study the Bible. This has led to a group of new believers and seekers. We are praying that this group would be the start of a church planting movement among Syrians and Iraqis in this city of Turkey.

Our team is actively pursuing entering Syria and the funds would be used for registering and establishing an NGO in Damascus that would give us access to move our church planting team into Syria.

LD CP Team Ceuta, Spain

**\$60K FOR
IMMIGRANT
EDUCATIONAL
PROGRAMS**

Accion Life association works in the Moroccan community serving with education, social isolation and school failure in Ceuta. Women, children and young men come everyday for educational programs. We also help the marginalized immigrant population through non-formal education. CP is also done by weekly meetings, EV friendly encounters and a Facebook live outreach program.

LD CP Team Muscat, Oman

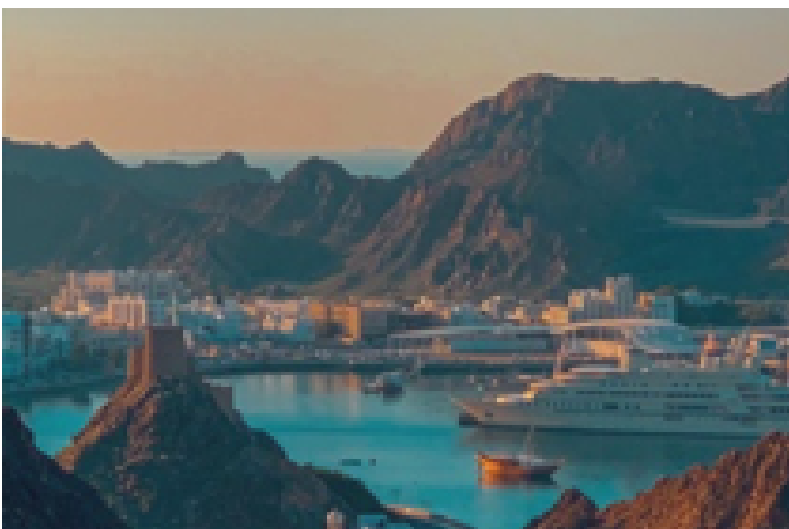

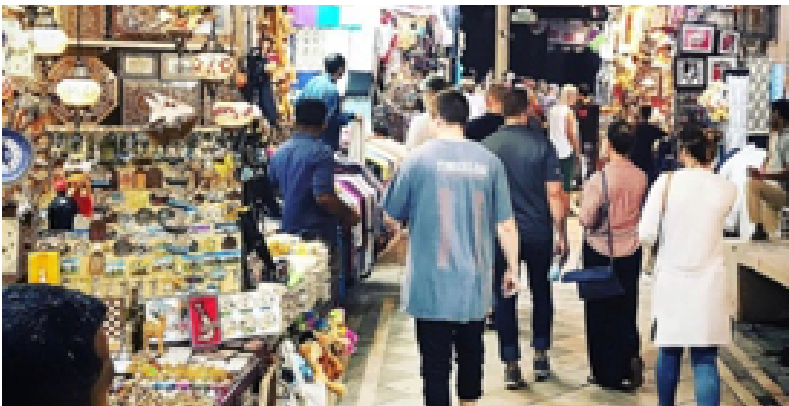

\$60K NEW MEDIA MINISTRY

\$60,000 would be used for the following:

1. Launching our media ministry for the first time within Oman. This will include content, ads, and follow-up for those seeking Jesus.

2. Funding Arab believers to join our BAM to help follow up with those seeking the Gospel through media outreach and one-on-one discipleship.

3. Our Silver Chair Tourism BAM that is focused on bringing U.S. tourists for cultural and prayerful trips to Oman.

ARAB WORLD

LD CP Team Benghazi, Libya

**\$60K FOR
LAUNCHING NEW
LD CP TEAM**

Starting July 2021, Jonathan and Bethany are pioneering a Live Dead church planting team in Benghazi, Libya!

This new team would use \$60,000 for:

1. Establishing a food and hospitality business that aims to bring young Libyan families into relationship with believers.
2. Mobilizing and partnering with Global South workers to reach the Eastern parts of Libya.
3. Launching a media ministry to evangelize seeking Libyans and to gather hidden believers in the East.

LIVE | DEAD
ARAB WORLD

LD CP Team Agadir, Morocco

**\$60K FOR BAM
IN SOUTHERN
MOROCCO**

1. Our BAM export company which will provide residency and identity to Live Dead “workers” on the Agadir CP team as well as thrust us into community with those whom we are doing business.

2. Our BAM Step Global cross-cultural internship company which focuses on bringing American business (and entrepreneurial-minded) students to the Arab World where they will be partnered with workers, locals, and MBBs who need their skillset in either launching or developing local businesses.

3. Our online media outreach, the follow-up efforts, and the equipping and training of emerging local leaders that are coming from our online and in-person evangelism strategies.

LD CP Team

Delta Area of Egypt

\$60K FOR BAM LANGUAGE CONSULTING

Starting a Language Consulting BAM in Egypt that will provide identity and access to the Delta area. We want to see the church planted among the 40 million unreached Egyptians that live in the Delta area of lower Egypt.

LIVE | DEAD
ARAB WORLD

LD CP Team Algiers, Algeria

\$60K FOR MEDIA & ORAL BIBLE PROJECT

A \$60,000 grant would be used for the following purposes:

- Media outreach and follow-up- our team will be setting up and starting a media outreach to produce evangelistic material in Algerian dialect.
- UPG Oral Bible Project- We are currently engaged with an UPG that has no documented resources in their language. We will be hiring a translator with the purpose of developing an oral Bible story set in their local language Taznatit.
- Step Global BAM- We focus on internship programs that allow more Christian witness and boots on the ground in Algeria.

LIVE | DEAD
ARAB WORLD

LD CP Team Yemen

\$60K FOR HUMANITARIAN WORK IN YEMEN

The LD CP team in Yemen would use the donation for the following purposes:

- to help set up and run relief and development projects within Yemen- specifically in the sectors of special education, water, and sanitation.
- partially supporting Egyptian and Jordanian believers that are working in a professional capacity on the relief and development projects and who are part of the LD CP team.

Years of conflict in Yemen have left their infrastructure shattered, thousands dead, and millions internally displaced and food insecure.

Arab World Area Office

\$100K TO PROMOTE CP ACROSS THE ARAB WORLD

\$100,000 would be used for the following purposes:

- Videos for vision casting and strategy communication
- Visiting, hosting, traveling with Arab leaders to open new national church partnerships
- Promotional pieces for mobilization of new workers (USA and Global)
- Contingencies, emergencies, hospitality of Primary Partners
- Gifts for TCKs, Member Care visits or benevolences

Our "One House" vision is to see a church planting movement among every unreached people group in the arab world. We unite to do this through three church planting initiatives:

INTERNATIONAL CHURCHES **LIVE DEAD** **STRATEGIC ENGAGEMENT**
